

TEKNİK ÖZELLİKLER TECHNICAL SPECIFICATIONS

- Şekillendirilmiş kaynaklız direkler,
- Pürüzsüz ve dinamik bir görünüm sunar.
- Büyük takviye kıvrımları, panelin sertliğini ve dayanıklılığını artırır.
- Üretim sayesinde tüm sistemler aynı anda üretilir ve montaj edilir.
- Galvaniz kaplama sayesinde bakım gerektirmez.

- Shaped weldless posts.
- Provides a smooth and dynamic appearance.
- Large reinforcement bends increase the rigidity and durability of the panel.
- Thanks to the production process, all systems are manufactured and installed simultaneously.
- Galvanized coating makes it maintenance-free.

Nano Kaplama
Nano Coating

Beton üzeri montaj
Installation on concrete

Toprak üzeri montaj
Above ground installation
